Role of Research

This 30 hour paramedic refresher meets the requirements of the Department of Transportation National Standard Curriculum for Paramedic Refresher hours.

Course will include lecture, case-based scenarios with discussion, skill practice and evaluation of both cognitive and psychomotor skills.

Target Audience

Target audience is paramedic level. Paramedic students are welcome.

Learning Objectives

To provide the participant with opportunities to:

- Review materials learned in the DOT Paramedic Curriculum / National EMS Education Standards.
- Refresh knowledge contained in the core and flex modules.
- Improve paramedic level skills.
- Evaluate effectiveness of learning through cognitive and psychomotor evaluations.
